Student COVID Screening

Daily COVID-19 Self-Screening Tools

It is cold and flu season and we have had several students stay home from school. Please remember to complete the COVID screening for your children prior to

leaving the house each day. The Ontario Screening Tool is updated frequently to reflect the community situation so it can be helpful to determine action needed with symptoms. Here is the link to the screening tool

1 "May the God of hope fill you with all joy and peace as you trust in Him, so that you may overflow with hope by the power of the Holy Spirit." – Romans 15:13 NIV

For the first time in this present COVID journey, many of us now know people in our community who have confirmed cases of COVID. Barrie, in particular, has been hit hard lately and there have been several significant outbreaks locally. At TCS we are remaining cautious and careful and are doing our best to remind students of the proper way to wear a mask (over the nose and chin with straps snug enough to not fall down the face). Students are receiving regular reminders and we continue to train them in proper hand sanitizing and social distancing. Thank you in advance for your consistent diligence in this cautious approach as we wish to keep everyone safe over the next few weeks until the Christmas Break. During this time, if a student is not feeling well or you are uncertain if someone in the household has been in close contact with a community member who has COVID – **When in doubt, please keep your child home and seek direction from the Health Unit.**

***Parents please remember to send two masks with your child when they come to school each day.*

The snow has arrived!!

How do Bus Cancellation Days work at TCS?

- *Buses are cancelled:*

When inclement weather hits our area, our bus company (Landmark) will cancel the buses for the day. They do their best to cancel very early in the morning. When the Simcoe County District School Board cancels *all* their buses, our bus company will follow their lead. The TCS office will then send out an email by 6:45am to all our parents indicating that the *buses have*

been cancelled for the day and that the school is still open. On bus cancellation days, teachers will come to school and the school will remain open for those parents who have no alternative plans for their children. On those days, there are usually between 30 and 50 students at the school and parents are responsible for dropping their children off at school and picking them up before 3:30pm. There will be no new lessons taught on these bus cancellation days, instead, students will work on reinforcing skills taught from prior lessons. There will be times like this morning when only the *North Simcoe County District School Board* buses are cancelled, the Barrie area buses will still run and school will operate as normal.

- *Buses and school are cancelled:*

Although it is very rare, there are times when the weather is so challenging that, in addition to buses being cancelled, school will also be closed for the day. This is usually due to very poor visibility or extremely icy conditions. On those days, an email will come from the office by 6:45am informing parents *that both the buses are cancelled and the school is closed for the day.*

TCS Christmas Video Premieres December 9th

TCS students and staff members are working hard on a special Christmas video that we plan to release to parents, grandparents and supporters on December 9th (when we would normally have our Christmas program). Recording for this TCS Christmas video will happen **THIS Friday, November 26th**. *Please have your children dress in their "Sunday best" for the video.* We are super excited to be able to record this program for our community and want to put our best foot forward dressing our best this Friday!

**High School Info****High School Information Evening postponed to February**

Due to the higher COVID cases in the Barrie area recently, the TCS Fall Membership Meeting has been moved online for next week. Due to this, the High School information evening that we were planning to host before the membership meeting has been postponed, possibly to February. Grade eight parents, please note that Unity staff will be in this week to give a presentation to our grade eight students. Unity is hosting their open house December 2nd at 7:30pm (See the poster at the end of this newsletter).

Please check the Simcoe District School Board for updates on other high school open houses as our understanding is that the in person open house times have been pushed to the new year. Parents can always call the high school directly for further information.

From your Building and Maintenance Team...Parents, please do not park on the grass.

The recent rain fall has softened the ground and we are starting to see some damage on the areas where cars are backing onto the grass. The Maintenance Team greatly appreciates our parents staying on the pavement when waiting for students or parking.

**2020-2021 Yearbooks will be sent home this week!**

As a gift from TCS, each family from the 2020-2021 school year will be receiving a Yearbook. The books will be sent home via the oldest student in the family. We hope you will enjoy looking through the book and remembering our year of living out our FEARLESS FAITH!

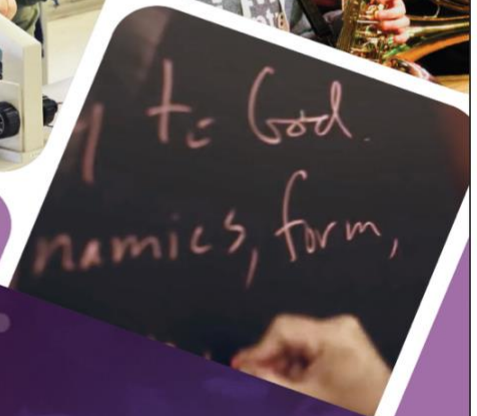

2020-2021

"...As a result, you can show others the goodness of God, for he called you out of the darkness into his wonderful light."
